Discipline Contract

Our goal for the children is development of appropriate social skills. By instruction and example the children will learn how to interact socially with peers, take direction from adults and function happily within the daily routine of a school setting. The teacher will notify the parent or guardian if their child seems to be having difficulty, as Humpty Dumpty wishes to keep discipline a positive partnership between school and home. At the discretion of the teacher and the board, a child may be dismissed from Humpty Dumpty after an individualized intervention plan has been documented and completed. In this case, any unused portion of tuition will be refunded, however the enrollment fee will not.
